

November 12, 2020

To All International Students

On November 11 (Wednesday), one student at Higashiyama Campus of Nagoya University was diagnosed with COVID-19, and subsequently, investigations by a public health center found that 15 other students have reported feeling unwell. The students who have reported feeling unwell are likely to have been infected while participating in an extracurricular activity at the University and are expected to take PCR tests within the next few days.

In response to this incident, we have set our Guidelines for Activities at Nagoya University During the Novel Coronavirus (COVID-19) Pandemic effective from November 13 (Friday) to November 16 (Monday) as the attached file. The guidelines for activities after November 17 (Tuesday) will be decided and announced immediately after the test results of the students feeling unwell are known.

**【Main Changes】**

“Alert Category” has been raised from B to C.

“Specific Activity Guidelines” has been set for Higashiyama Campus, Tsurumai Campus, and Daiko Campus respectively.
