Yonsei University is located in the center of the capital city of South Korea, Seoul, where you can witness a variety of traditional Korean culture. In addition to Korea's first Western health institution, Gwanghyewon which is located within the university, there are other nearby sites where you can experience traces of the 500-year history of the Joseon Dynasty, such as Deoksugung, Changdeokgung, and Gyeongbokgung. These sites are located only 15 minutes away from campus so that students may easily seek out these opportunities to experience Korea's traditional culture. The New York Times selected Seoul as one of the top three "must-visit" cities of the world.
